Hearing Device for Worship

St. Ansgar's has two new hearing devices that work with our sound system.

One helps those who have a hearing aid, but still have trouble picking up the sound in the sanctuary.

The other, (pictured here) is a personal device to help you hear in the sanctuary.

Both devices are located on the sound board in back of sanctuary. The soundboard tech can help you.

If you have any questions or would like to see the devices, call or stop by the church office.
